

BPD Manufacturing Solutions launches new website

BPD Manufacturing Solutions has launched a new and improved website at www.bpdmanufacturingsolutions.com

BPD Manufacturing Solutions has a wealth of experience in the manufacture, storage and distribution of goods from its 7-acre complex on the Nottinghamshire/Derbyshire border and its established factory in Merthyr.

The new design boasts a clean, colourful interface with new imagery and streamlined navigation focusing on the four main services BPD Manufacturing Solutions has to offer; 'Thermoforming', 'Surface Treatment', 'Fabrication/Assembly', and 'Lamination, Conversion, Slitting and Printing'.

Other features include:

- Download section offering important information such as case studies and press releases
- Research and Testing section
- Fully responsive design that fits all types of browser resolutions
- "Request a call back" form
- Specifically designed using SEO (search engine optimisation) best practices

Robert Parker, Production Director of BPD Manufacturing Solutions says: *"We are very proud to announce the launch of our new website for BPD Manufacturing Solutions. It has been designed with the customer in mind with a very user friendly, easy to navigate interface. Visitors to the site can easily navigate between our four main services 'Thermoforming', 'Surface Treatment', 'Fabrication/Assembly' and 'Roll Goods'. The new website will deliver lots of information on the diverse and limitless services our company provides with numerous case studies of past projects. This is the first time BPD Manufacturing Solutions will have been online and we have worked hard on the design making sure that it offers all that the visitor would need to make an informed choice."*

BPD Manufacturing Solutions and all its facilities and activities are accredited to ISO9001 Quality Management, ISO14001 Environmental Management and OHSAS 18001 Occupational Health and Safety Management Systems.

The company is committed to minimising its impact on the environment and to continuous improvement in the quality of its products, service and method of operation.
